Members' Meeting in Barcelona

23-24 January 2025

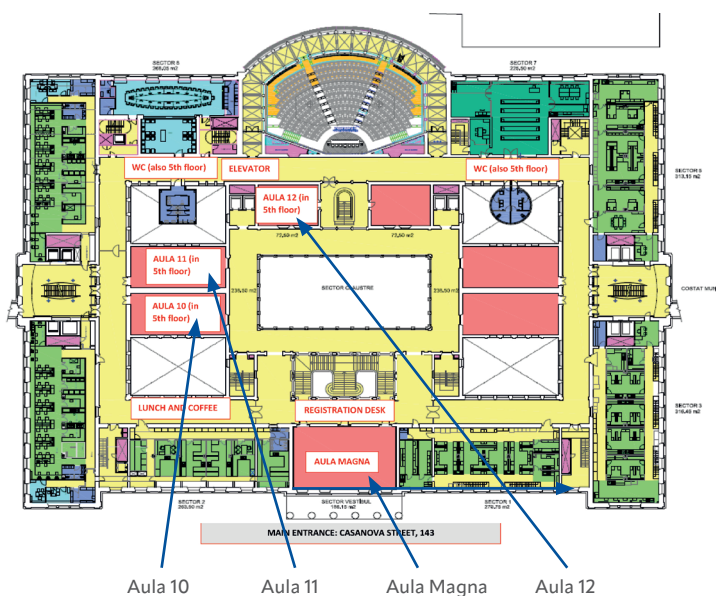

Hepatological Diseases
(ERN RARE-LIVER)

Dear Members and Partners

Welcome to the ERN RARE-LIVER Members' Meeting 2025, hosted by Hospital Clínic de Barcelona! This year's meeting is a chance to reflect on and celebrate our progress, share insights, and plan the future of our network.

Our agenda is packed with diverse sessions which highlight our network's collaborative work and ensures every participant can engage with their area of interest. We will focus on topics such as cross-ERN cooperation and advancing inclusivity for patients of all ages with rare liver diseases and their families.

Your participation is vital, and the ERN RARE-LIVER Office Team and Barcelona Team are here to support you. Let's work together to build on our achievements and make 2025 another great year.

Members' Meeting
